It is practically assured that a prosperity.

THE Santa Fe New Mexican is to be numbered among the tried and true friends of Socorro county. That paper never fails tunity offers.

Socorro has improved more in the last two years than in the last dozen years preceding that period. During these last two years the city has been under a republican administration. Let everybody draw his own conclus-

SOCORRO county's board of county commissioners were in regular quarterly session the first of the week, paid all bills at the rate of one hundred cents on the dollar, and as usual transacted business with neatness and dispatch.

Ar the present rate of increase in the number of republican hit a barn door. votes in Socorro county, the democratic votes will soon be so few as to be hardly worth counting. In fact, some democrats seem to be laboring under the delusion that not all their votes are counted even now.

E. H. SWEET, Socorro county's wide-awake probate clerk, has inaugurated a movement for a government survey of the plain between the Socorro and Magdalena ranges so that it may be homesteaded in the usual manner. If that plain can be put under cultivation it will add county.

Up at Suwance a fine flow of artesian water has been developed and there is a scramble to get possession of neighboring lands. As far as can be judged from surface conditions there is a stronger probability that an artesian flow can be developed in the vicinity of Socorro than there was that such a flow could be developed in the valley of the Rio Puerco. This fact is recognized by certain parties who are

Woman, Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applya hard time to beat his own ing it and soon felt like a different woman. .Through my advice many of my friends have In allowing her electric light tried it and can tell you how Balm is a liniment. Racing and Horse-Breeding.

The feature of most popular interest in the September Cenabuse of the political riff-raff, tury promises to be John Gilmer Speed's discussion of "Racing in its Relation to Horse-breeding.'

Mr. Speed holds that racing is not entirely a business, it is not Oн no, Maggie dear, it was merely a gambling game, it is not fear of the Hubbell element, not purely a sport, nor is it conbut a sort of triple amour be- ducted simply to improve the tween the democrats, the saloon breed of horses; but it partakes men, and the Philippinos that of all these at once, and the only evil those in control do not seem able to eliminate is gambling. The questions which Mr. Speed commodious and comfortable takes up for discussion are, how dormitory will be built on the does racing improve the breed of School of Mines campus next horses, and, is the improvement summer. Nothing is more needed worth what it costs; and its conjust now to insure the School's clusion is that, without racing, the thoroughbred in this country would soon become a rarity.

Death Was on His Heels.

Jesse P. Morris, of Skippers, Va., had a close call in the spring to speak a good word and boost of 1906. He says: "An attack for the county whenever oppor- of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee by all druggists. 50c and \$1.00. Trial bottle free.

De Witt-Perhaps not; but could hit a darn bore, and I might be tempted to do it any moment.

He Got What He Needed.

"Nine years ago it looked as if my time had come," says Mr. C. Farthing, of Mill Crrk, Ind. Ter. "I was so run down that life hung on a very slender thread it was then my druggist recommended Electric Bitters. I bought a bottle and I got what I deeded-strength. I had one foot in the grave, but Electric Bitters put it back on the turf mightily to the prosperity of the again, and I've been well ever since." Sold under guarantee by all druggists. 50c.

EUREKA!

Yes, I Have Found it at Last.

Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.-Elder John T.
